- Diagnostic product evaluation
- and most of all....savings, time and peace of mind

Overview

Code Corporation is committed to excellence in every way. Our dedication to providing an outstanding level of service and forging close working relationships with our customers has enabled us to establish an outstanding reputation for service and support, something we call **CodeOne**.

CodeOne offers customers a variety of service and support options designed to make the most of your hardware investment.

Many businesses and organizations have different in-house technical resources and capabilities, as well as response time requirements. CodeOne offers several levels of service plans to meet our customer's requirements, with each level tailored to fit a specific set of needs.

Everything about CodeOne Service Plans are designed to help keep Code hardware, and the businesses we serve, running smoothly and efficiently.

Support for Code Products: Standard, Plus, and Premier Service Plans. Customers who purchase Code products may choose from a three-tier (Standard, Plus and Premier) Service Plan that meets their unique support and response time requirements.

CodeOne Standard Service Plan at no additional cost to you, offers a standard warranty period.

CodeOne Plus Service Plan enhances the security that comes with CodeOne's standard warranty. The Plus Service Plan offers a 7-day turnaround, extends the warranty period by a year, and offers a variety of discounts on Code products and services.

CodeOne Premier Service Plan offers a 1-day turnaround, extends the warranty period by two years, offers replacement readers for lost or damaged readers at deep discounted rates, and offers a greater savings on Code products and services.

GoLive. Code takes customer service to the next level with our optional GoLive, on-site support plan. If customers are installing Code products across their enterprise, customers have the option to purchase on-site support, preferred hotline phone support, and/or on-site training. Code's top application engineers are trained and prepared to provide you with priority support during the roll-out phase of your project.

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
