## The Ultimate User Experience

Equinox Payments' PCI PTS 3.x Compliant L5300 is the next generation of high performance flexible payment systems that offer "future proof" features to protect your investment. This sleek, customer-facing multimedia payment terminal features a large, high-resolution screen made especially for merchants that want to give their customers the richest, most interactive user experience available.

## Competitive advantages

The state-of-the-art L5300 payment terminal offers a number of innovative features—many not available anywhere else—to help future proof your investment:

### Advanced Security

- PCI PTS 3.x compliant
- Encrypting magnetic stripe reader
- Fully compatible with all commercially available point-to-point encryption schemas

### Superior Application Architecture

- Linux operating system—*open yet secure*
- Flexible FPE application supports all standard POS interfaces
- Remote terminal management system

### Remote Key Injection

- Safe, secure and fully certified solution for remotely loading symmetric keys
- Attended or unattended key downloads—in-lane key/loading through the POS

### NFC Capable

- Ergonomic integrated contactless reader installed in factory or in the field
- Fully compliant with ISO14443 and emerging ISO18092 standards
- Supports all major eWallets

## PCI 3.x Certified

New Triple-Black™ Design

## About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

## Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

## Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

## Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

## Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
  - Data destruction
  - Hardware disposal
  - Auditing services

## Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

## Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
