Strong Sunlight Viewable Display.

To increase the screen durability and provide greater sunlight readability, the Z710 features LumiBond™ optical bonding and also uses special damage-resistant Gorilla® Glass. Making the Z710 both tough and scratch resistant to withstand the abuses of working in extreme conditions.

Built to Survive.

The Z710 was designed from the inside out to be sleek, thin and tough. Only Getac manufacturers rugged tablets down to the chassis. The Z710 is specifically engineered to be protected against drops, shocks, spills, vibration and more. The Getac Z710 is ready for whatever you can put it through.

Dual Camera

They say a picture is worth a thousand words and the Z710 provides two options to insure you capture the necessary video or images while you're in the field. With it's HD web-cam and 5MP auto-focus camera, you can be sure your data is documented accurately

Design to Capture.

With both barcode scanning and RFID reading capabilities, the Z710 is the ultimate device for capturing data.

Fast and Accurate GPS.

The SiRFstarIV™ GPS chipset provides twice the search capacity of earlier chips for faster location and improved accuracy down to 2.5 meters. Combined with its an E-compass and 3-axis accelerometer, the Z710 is the perfect device for anyone using GPS data in the field.

3 Year Warranty.

We're confident in our quality and that's why the rugged Z710 comes standard with a 3-Year bumper-to-bumper warranty. It's the peace-of-mind protection of knowing you're covered.
