AsterixTouch

unmatched value and reliabilty

Asterix-X5

ST-EP4

The X5 is a compact and rugged all-in-one, designed to withstand harsh and demanding environments. It is protected against liquid spills, and can withstand millions of touches. The X5 runs Intel's latest Cedar View Dual Core processor, which offers an exceptional performance at a great value. With a longer shelf-life and servicability, the X5 provides a great return to your investment.

The ST-EP4 a fast thermal printer, built with a world-class print mechanism that offers an outstanding value and reliability for the retail and hospitality environments. In addition to 1D and 2D barcodes, the ST-EP4 prints QR codes which can be scanned by a smartphone and linked to a promotional website or digital coupons.
