Hybrid Fixed and Mobile POS
All-in-One Compact POS with Mobile Freedom

Posiflex has bridged the fixed terminal / mobile gap with the innovative award winning MT4308 system. This hybrid Windows 10 IoT driven system takes an aluminum diecast, multifunction tablet and transforms it into a complete, compact, all-in-one POS system.

An optional pistol grip with barcode scanner can be added for additional battery life and functionality. The pistol grip and tablet — or the tablet only — can be set in the optional docking station to create a fixed terminal or kiosk. This hybrid solution completely bridges the high standards of fixed terminals with the flexibility of being mobile as your business requires.

* Windows 10 only
