

Innovative Technology for Customer Interaction

Star's *AsuraCPRNT* is a powerful, feature rich interactive communication platform with an integrated high-speed printer. At its heart is a reliable ARM processor that manages a seven-inch touch screen and a three-inch printer. The *AsuraCPRNT* is available with optional integrated MSR, 2D imager modules. The *AsuraCPRNT*'s computing power offers the capability to display and deliver audiovisual messages on its own screen as well as on external signage. The *AsuraCPRNT* also has the ability to drive content to digital devices such as smart phones, merchant tablets and digital signage. The *AsuraCPRNT* has been optimized to support connection of external peripherals such as a biometric scanner, WiFi/3G/4G dongle, camera and many others.
