

SigLite™ LCD 4x3

Model T-LBK750

LCD device for electronic signature capture, interactive text and graphics

The SigLiteLCD 4x3 from Topaz Systems, Inc. is a versatile handwriting electronic signature capture system with integrated electronic display. The LCD shows 'electronic ink' under the pen tip in real time as a user signs, for an easy, natural signature experience. The display also supports interactive text, graphics, and pen-tap 'hot spots,' allowing users to read agreements and navigate between data screens before signing. The SigLite LCD 4x3 boasts the additional value of Topaz's powerful bundled software tools and support, including ActiveX, Java and J2ME, C++, and .NET development tools, plus MS Office and Adobe Acrobat plugins for the capture, encryption, formatting, and secure processing of signatures.
