MS840P
Wireless Alternative to Bluetooth

Unitech has unleashed the industry's best value in an industrial handheld laser scanner with wireless technology. The MS840P is ideal for various solutions in warehousing, retail, and healthcare, where flexibility, durability, and reliability are essential. With an intuitive wireless design, the MS840P provides users with greater productivity without restrictions, while also supporting high comfort over long periods of use. Its durable functions and convenient wireless design makes the MS840P the ideal scanner for a variety of applications in warehousing, retail and healthcare field. Beyond its versatility, the MS840P offers piece of mind.

Unitech designed the MS840P to continue collecting data even when it is out of range; uploading it when it is back in coverage. This function allows you to reduce downtime and maximize productivity without worrying about any interruptions in your data transmissions. The MS840P USB Dongle delivers plug-and-play usability for ultimate convenience without requiring complicated set-up instructions.

The MS840P has also been tested and certified with an IP42 rating, which means it is safeguarded from water and dust to a certain threshold. In addition, it is durable enough to withstand multiple 6-foot drops to concrete. The Unitech MS840P allows users to perform such tasks as take accurate inventory, speed up checkout, and administer the correct medication.
