

MX915

MAXIMUM PERFORMANCE. MINIMUM SPACE.

VeriFone's MX 915 delivers a rich media experience with a brilliant, 4.3" color display, powerful processor and generous memory. This elegantly designed, sleek and space-saving unit is NFC enabled and supports full motion video – driving new revenue opportunities while enhancing customer interaction.

SOPHISTICATED, FLEXIBLE, SECURE

- High-speed graphics processor and generous memory bring customer messaging and video advertising campaigns to life
- Crystal clear, 4.3" flush mount display
- Clean lines and modern, sleek design make a powerful statement – in the lane or on a countertop
- State-of-the-art stylus for a clean and sleek look
- Chemically-hardened screen, built for the long haul
- Linux-based OS and application development environment offer maximum flexibility
- NFC/Contactless support to quickly capture new markets as they evolve
- Large screen area efficiently accommodates optional signature capture along with scrolling account activity, branding and promotional offers
- Integrated, tactile, backlit keypad to speed customers through lanes while reducing errors
- Remotely inject encryption keys anytime, anywhere with VeriShield Remote Key option added

THE TOTAL PACKAGE IN A SMALLER FORM

- Ideal platform for a variety of value-added services, such as administrating loyalty schemes, gift card issuance and top-up services
- VeriFone HQ software simplifies device management and reduces overall support costs, all while easily integrating into your current environment. It offers device management, diagnostics and content management capabilities
- Web Development Environment (WDE) provides a unique combination of web technology and a secure payment framework for powerful and flexible application development platforms
- Supports end-to-end security with VeriShield Total Protect, secured by RSA, which eliminates sensitive cardholder data from the payment device and merchant infrastructure through tokenization
- Compatible with legacy or existing MX 800 series product solutions

Processor

400 MHz 32 bit ARM 11

Memory

128 MB SDRAM + 256 Flash
Flash is field upgradable via USB or SD

Connectivity

Connect I/O: Ethernet 10/100BaseT, USB host/device, Serial Interfaces RS-232, RS 485; IBM Tailgate; WiFi/GPRS; Compatible with existing MX 800 Series; Cabling solutions

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
