About us

- Legacy Technology Services is a leading nationwide provider of mobile computers, barcode scanners, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the largest repair facilities in North America and is an Authorized Repair Center for many manufacturers.

Discontinued product sourcing

- They don't make if anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.

DT60

MOBILE COMPUTER

Productivity Solutions for Small Businesses

The Wasp DT60 mobile computer combines state-of-the-art mobile technology with a compact, pocket-sized package. Great for managing data and equipment in the field, the DT60 provides lightning fast computing, comfortable use, and dependability your business can count on.

The DT60 is powerful enough to run multiple simultaneous applications with an 806 MHz processor, 256 MB of RAM, 512 MB of Flash memory, and 802.11 b/g/n wireless – all driven by the popular Windows Embedded 6.5 operating system. The integrated laser scanner is capable of reading all standard, one-dimensional (1D) barcodes including GS1 Databar linear barcodes.

To protect the DT60 from the rigors of today's tough work environments, the rugged exterior housing is able to withstand multiple 4 foot drops to concrete. It also carries a water and particulate sealing rating of IP54 which protects it against damaging dust and liquid spills.

The DT60 is offered with either a 46-key QWERTY (ideal for MobileAsset) or 27-key numeric (ideal for Inventory Control) keypad.

The DT60 includes a 1-year manufacturer's warranty covering material defects. Manufacturer warranties can be extended and upgraded to cover accidental breakage with the purchase of an optional WaspProtect extended service plan.

■ WASP DT60 FEATURES

- ▶ 2.7" full color, backlit touch-screen display
- ▶ 256 MB RAM, 512 MB Flash memory
- ▶ Windows Embedded 6.5 OS
- ▶ 802.11 b/g/n radio and Bluetooth
- ▶ IP54 particulate and water sealant rating
- ▶ Ability to withstand multiple 4 foot drops to concrete
- ▶ Integrated, high-performance laser barcode scan engine
- ▶ Rechargeable Lithium-ion battery delivers up to 10 hours of operation between charges
- ▶ 27-key numeric or 46-key QWERTY backlit keyboards
- ▶ Micro SD slot for memory expansion

■ BENEFITS

- ▶ Lightweight, ergonomic design ensures comfortable use
- ▶ Increased efficiency and durability in the field
- ▶ Windows Embedded 6.5 operating system ensures fast configuration and ease-of-use
- ▶ High performance, integrated laser scan engine for efficient and accurate scanning
- ▶ Wirelessly access information on-the-go
- ▶ Certified to work with Wasp Inventory Control and Wasp MobileAsset
