

Z-Band® UltraSoft Wristbands

SEE MORE. DO MORE.

Healthcare providers can take a softer approach to patient identification with Zebra's patent-pending Z-Band® UltraSoft direct thermal adhesive wristband.

Featuring a soft, flexible material, Z-Band UltraSoft is the softest direct thermal wristband in the market. Z-Band UltraSoft also offers excellent resistance to most hand sanitizers, supporting patient safety by ensuring readable text and scannable barcodes for up to 14 days.

Zebra's Z-Band UltraSoft direct thermal wristbands allow you to print patient information and barcodes directly on the wristbands.

Ideal for These Applications

Patient Identification / Hospitals, Outpatient clinics

A barcode that fails to scan or requires repeated attempts to scan jeopardizes patient safety and staff productivity. Zebra's supplies research team tested the image durability of Z-Band direct thermal wristbands to ensure optimum image durability and scanning performance.

For more details on the durability laboratory testing performed, please download our white paper on www.zebra.com titled "*Laboratory Testing of Zebra's Z-Band® Direct Thermal Antimicrobial Wristbands.*"

THE SOFTEST DIRECT THERMAL WRISTBAND IN THE MARKET

Z-Band UltraSoft:

- Ultra-Soft wristband.
- Resistance to hand sanitizers such as Purell®.
- Adhesive closure.
- Scannable up to 14 days.

Z-Band UltraSoft is available in cartridges for the HC100™ wristband printer in the following sizes:

PART NUMBER	SIZE	
ADULT		
10015355K	1" x 11"	
10015356K	0.75" x 11"	
PEDIATRIC		
10015357K	1" x 7"	
INFANT		
10015358K	1" x 6"	

In addition, Zebra's Z-Band direct thermal wristbands:

- Feature a silver antimicrobial coating that protects the wristband.
- Are scannable for up to 14 days.
- Are quick and easy for staff to print and securely fasten in less than a minute using an adhesive tab or color clip.
- Are made of polypropylene and vinyl. The direct thermal imaging chemistry is composed primarily of leuco dyes and developers. The inks/varnishes used are UV varnishes and water based inks. **There is no metal content in or on these particular patient identification bands.** Therefore, Z-Band UltraSoft wristbands are considered to be MR-Safe.

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
