The Ithaca® POSjet® 1500 receipt/validation color inkjet printer is an evolution of our POSjet® 1000 receipt printer, the Ithaca brand POSjet 1500 boasts all of the industry-leading features of the POSjet 1000 — but with some key validation features. For instance, it has the ability to validate various sized one-ply forms in standard or rotated print mode, plus print the full front or back of a check. The POSjet 1500 prints in your choice of red, black, green or blue—in any combination of two colors—thanks to 7-million-character Hewlett-Packard cartridges. Engineered for easy, worry-free operation, the POSjet 1500 comes with a standard 2-year warranty, complete with extended maintenance options.
