

THE RECOGNIZED LEADER OF SUPERIOR QUALITY CASH DRAWERS

HEAVYDUTY

INTEGRATION SYSTEMS

ORGANIZATION SOLUTIONS

APG integration systems organize your peripherals into a compact, efficient workstation.

Based on our heavy duty cash drawers, our integration systems organize your peripherals into a compact, efficient workstation and offer a convenient solution for arranging components and cleaning up cable clutter. Both general sale products as well as custom products exist to solve unique configuration and installation problems.

APG CASH DRAWER®

The Recognized Leader

CREATE A CLEAN REGISTER LOOK

KEY FEATURES OF THE CASH DRAWER CADDY™ SYSTEM

a | Two-Piece Caddy System

Quick and easy accessibility.

b | Flush Cap

Sits even with the top of the base to maximize peripheral placement area.

c | Step Cap

Recessed 1/2 inch (12mm) from the top of the base, providing an edge that helps maintain the location and security of accessories.

d | Printer Tray (optional)

Provides a sturdy tray for virtually any POS printer and can be mounted on either the left or right side of the cap.

e | Keyboard Clips and Foot Rests

An efficient and stable solution to hold your keyboard.

f | Cable Routing and Storage

Provided in rear of cash drawer with removable access panel.

KEY FEATURES OF THE CASH DRAWER CADDY™ GARAGE

g | Removable Front And Back Panels

Makes cable routing more accessible and hides the PC from view for a cleaner look.

h | Adjustable Stops

Holds most PCs in place.

i | Ventilated

Allows air flow for your PC.

j | Panel Latch

Easy to use latch keeps the front and back panels securely in place. Locking option available.

A COMPACT FOUNDATION

KEY FEATURES OF THE INTEGRATOR™

a | Removable Rear Panel

Provides accessibility and trouble-free service.

b | Cable Management

Storage provided for power supplies and cables. Makes cable routing an easy process.

c | Printer Tray

A sturdy tray that can be mounted on the left or right side of both the drawer or riser.

d | Robust Steel Construction

Able to withstand the most demanding environments.

OUR INTEGRATION SYSTEMS

CASH DRAWER CADDY™ SYSTEM

Description

Designed to help bring all the components of a POS workstation together, the Cash Drawer Caddy System includes a heavy duty drawer, a rugged injection molded Base and a sturdy steel Cap. The system allows for peripherals to be placed with left or right-hand orientation and accommodates nearly all major POS keyboard, printer and monitor brands.

CASH DRAWER CADDY™ GARAGE

Description

An accessory to the Cash Drawer Caddy System, APG's Caddy Garage takes POS integrated systems to a new level. Now part of the POS component "stack," the PC, along with cabling, fits inside the ventilated Caddy Garage. Removable front and rear latching panels make cable routing easy and hide the PC from view.

POS-INTEGRATOR™ SYSTEM

Description

A compact foundation for your POS system, the POS-Integrator provides a solution to the problem of assembling systems on a Series 100 cash drawer. Exploiting the use of a narrow footprint, a riser and printer tray expand the width to accommodate various receipt printers and a full size monitor. Cable management is provided to route and hide peripheral cables.
