TravelScan® Pro 600

Ambir®
Technology

The TravelScan Pro 600 delivers versatile scanning solutions at a low cost. Scan media ranging from business and ID cards to photos and 8.5" x 14" documents. And with a 1mm deep paper path, it effectively scans standard thickness laminated cards such as driver's licenses and insurance cards*. These sharp 600dpi images can then be turned into PDFs or other industry standard formats.

USB 2.0 power and connectivity eliminate the need for an AC power adapter and multiple cords, freeing up your workspace. The compact and lightweight design makes it extremely mobile. With so many features in a portable package, the TravelScan Pro 600 is the ideal tool for those on the go.

Specifications

- ✓ Scan Modes – 48-bit internal color, outputs 24-bit true color, 8-bit grayscale & 1-bit B&W
