# HS-300 Physician Scale

## Features

The HS-300 is used where either weight or height measurements are necessary.

The scale provides accurate weight or height measurements on easy to read LCD back light display. It has a large weighing range and can measure height from 60cm to 210cm x 0.1cm (2' to 7' x 0.125").

Constructed of mild steel with a durable powder coated white finish, this scale will provide years of service in normal applications.
