VFD Pole Model

S 2000 Jr

Price Computing Scale

The S2000 Jr is a top of the line, fully featured price computing scale, ideal for use in many retail applications. Available in three capacities, 15, 30, & 60 lbs. Dual range technology allows for better accuracy. The S2000 Jr is so versatile, you can use it both indoors and outdoors.

Choose from the standard bench model or pole model. Use in retail stores, farmer's markets, candy stores, or any general purpose weighing application.

- Weighs in pounds, ounces, & kilograms
- Rechargeable battery included (LCD or VFD)
- Use with the optional label or receipt printer
- Large easy to read display size
- Two display types (LCD or VFD)
- Dual display (clerk & customer)
- Legal for trade

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
