

# XS Complete Keyboard

Models may vary from the image shown

## Small, flat and extremely robust

The compact keyboard "XS Complete" (G84-5200) offers a full keyboard layout complete with number block and is ideal for all applications with limited space and requiring frequent number entries.

## Key benefits

- Complete layout with numeric keypad. Ideal for applications requiring the frequent input of figures
- High degree of reliability and precise keystroke feel thanks to individual keys with Gold Crosspoint contacts (Cherry ML technology)
- Ideal for continuous usage due to the long operating life in excess of 20 million key confirmations per individual key
- Compact dimensions and very low overall build height, ideal for restricted spaces and for 19" applications
- Standardised measurements and installation dimensions of the complete XS product family - the keyboard can be adapted to every application
- Lightweight - for applications where every gram counts
- Plug & Play - can be used with the operating system's standard drivers
- Supports Code Set 3 and UnifiedPOS
- Fastening option for permanent installation
- Detachable pluggable feet for individually adjusting the tilt of the keyboard
- Freely programmable keys for even more time-saving operation
