

Thermal Transfer Ribbon Technical Data Sheet

TR6070 Chemical Resistant Resin

Product Description

TR6070 is unique in the industry — the best resin ribbon for printing on coated and synthetic paper substrates. It is also able to withstand environmental temperatures of up to 220° C (428° F) making it perfect for applications like heat tunnel passage. TR6070 uses remarkably low print energy settings while producing high quality heat resistant bar codes. This ribbon's design incorporates DNP's standard anti-static and backcoat properties that protect the printhead, and also prints with DNP's unmatched edge definition producing clean, extremely durable, dense bar codes every time.

Recommended Applications

CIRCUIT BOARD

HEALTHCARE

HORTICULTURE

MEDICAL DEVICES

OUTDOOR

PHARMACEUTICAL

SHRINKWRAP

Recommended Substrates

Coated & synthetic papers, polypropylene, polyethylene, polyolefin, Kimdura®, Valeron®, Polyart®, Krome-Kote, Matte Kapton®

Performance Characteristics

- Recommended for use in extreme heat conditions
- Compatible with coated and synthetic paper
- Remarkably low print energy used to create high quality harsh environment bar codes
- Anti-static for easy handling and extended printhead life
- Industry leading in edge definition for clean, durable, and dense bar codes
- DNP's specially formulated backcoating for printhead protection

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
