

Quick Link (QL & QLM) connectivity accessories provides an easy, fast, modular and cost-effective solution whenever "plug-in connection" is preferable.

QL Series is compatible with DS2100N, DS2400N, DS4800, Matrix 210™, Matrix 410™ and Matrix 450™.

QL300/500 and QLM500/600/700 link 1D/2D code readers to the Power Supply, External Trigger, IDNET™ network, Digital I/O and Communication connections including interface to Serial, Ethernet, Ethernet/IP, Profibus and Profinet.

QL100/150/200 provides an ID-NET™ "T" connector. This is the most effective way to build the ID-NET™ network by passing through power and network's signals. Service port connection (QL150) and tap power connection (QL200) are optionally available.

IDENTIFICATION

HIGHLIGHTS

- Plug-In connection
- QL500: Serial-to-Ethernet TCP/IP, Ethernet IP, Modbus conversion with RJ45 connector
- QLM500: IP65, rugged metal, all M12 connectors, double Ethernet port (avoid external switches), Ethernet TCP/IP, Ethernet IP protocol
- QLM600: IP65, rugged metal, all M12 connectors, PROFIBUS double port
- QLM700: IP65, rugged metal, all M12 connectors, double PROFINET port (avoiding external switches)
- Back-up and Restore function (QLM500/600/700 and QL500)
- Quick set-up of ID-NET™ networks with different layouts in modular way, reducing installation time and cost (by cables and T-connectors)

APPLICATIONS

- **Automated warehousing**
 - Conveyor sorting
 - Picking systems
- **Automated shop floor and General Manufacturing**
 - Items and parts tracking
 - Process control and Packaging

QL SERIES TECHNICAL FEATURES

QL100, QL150, QL200

ELECTRICAL FEATURES

Power Supply 10 to 30 VDC
Limited QL + Reader Current consumption 4 A Max.

ENVIRONMENTAL FEATURES

Protection Class IP65*
Operating Temperature 0° to 50 °C (+32° to 122 °F)
Storage Temperature -20° to 70 °C (-4° to 158 °F)
Humidity Max. 90% non condensing

*When IP protection caps or IP cables and reading device are correctly connected.

QL300, QL500, QLM500, QLM600, QLM700

ELECTRICAL FEATURES

Power Supply 10 to 30 VDC
Limited QL + Reader Current consumption 4 A Max.

PHYSICAL FEATURES

QL300/500

Mechanical Dimensions 129 x 76 x 27 mm (5.1 x 3 x 1.1 in.)
Weight QL300=312 g. (11 oz.); QL500=309 (10.9 oz.)

QLM500/600/700

Mechanical Dimensions 200 x 81 x 40 mm (7.9 x 3.2 x 1.6in.)
Weight QLM=500 g. (18 oz.)

*When IP protection caps or IP cables and reading device are correctly connected.

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
