## High-Performance PCL Industrial Printer ■ ■ ■

### features at a glance ■ ■ ■

- **PCL5e & PCL6 Standard Language** - makes graphics integration easier and allows users to spend less time setting up printers. Offers virtually endless application choices.
- **Easy ERP integration** - a benefit that derives from a true PCL5 & PCL6 thermal barcode printer. Middleware applications are no longer necessary within printer networks. All Performance printers are approved through the SAP® Printer Vendor Program.
- **Laser and inkjet printer** - users can realize the benefits of a ruggedized thermal barcode printer and reduce operating costs with seamless integration of a true PCL5 device.
- **Graphic color touchscreen** - display with an intuitive menu flow making the user interface and navigation seamless.
- **Die cast frame** - and metal covers designed specifically for harsh work environments.
- **Standard 300 dpi printhead** - with each Performance Series printer allows users to now benefit from a higher resolution printhead with better text, images and barcodes at a 203 dpi printhead price.
- **50 resident scalable fonts** - is the new standard in thermal barcode printing. No longer restricted to a limited font selection, users can create custom labels on-demand.
- **Managed Print Service (MPS)** - first truly MPS thermal printer on the Market. Can monitor labels and ribbon stock by percentage and a whole lot more with public and private MIB.

The H-8308p printer is for wide width label/ thermal printing customers, who are looking for a high quality printer that is easy to integrate, user friendly and will save them money. For years customer have been asking for a 9 inch/228.6 mm wide HP compatible thermal printer to replace their laser printers. The H-8308p delivers the power of the PCL print language, LINUX® operating system and Managed Print Service (MPS) support, to create a truly laser replacement thermal printer. Increasing your label options and improving your productivity while reducing cost.

The H-8308p is a rugged and versatile printer that offers one of the most feature rich solutions for dynamic enterprise applications, and is twice as fast as other printers in its class. The H-8308p is ideal for high-volume label printing in pharmaceuticals, manufacturing, warehouse, transportation, and high resolution labeling. Modular construction increases up-time for the highest levels of user productivity. The high quality features, performance, and rugged reliability make the H-8308p the best value of any premium printer on the market.
