## LabelManager 450D

Create any label you need, stand alone  
or from your PC/Mac

# LabelManager 450D

The Labelmanager 450D brings a new dimension to high-performance labeling and to your desktop, with unmatched functionality, ease of use and versatility. The champion of desktop label makers can be used on its own or with your PC/Mac using DYMO software, which enables you to import barcodes, logos, graphics and typefaces.

## THE LABEL MAKER WITH YOU IN MIND

The labelManager 450D uses whisper-quiet thermal transfer print technology with a wide range of state-of-the-art features, including automatic cutting, spacious semi-graphical display and memory to help create labels faster and easier.

## QUICK GLANCE LABEL MAKER FEATURES

- PC/Mac connected via USB with a simple interface offering a full set of on-screen editing options and importing of logos, graphics and typefaces
- Full label customization with 7 fonts, 5 heights, 13 styles, 6 boxes, several background patterns and 6 types of barcodes
- Special "format break" function makes it simple to combine different labeling features on a single label for a unique look
