

Powering business productivity with superior performance and reliability

Impact Printers LQ-590/LQ-2090

With powerful 24-pin technology, the Epson LQ-590 and the wide-format Epson LQ-2090 deliver precision text and graphics, plus rugged reliability for critical print requirements. Offering print speeds of up to 529 cps and seamless integration into existing printing environments, these robust performers are sure to increase productivity. With versatile 5-part forms printing, multiple paper loading options, and a durable, long-lasting ribbon, each product races through tickets, purchase orders, invoices and more.

Perfect for point-of-sale, manufacturing, and production environments, these two printers boast an amazing 20,000 POH MTBF rating and a 400 million character print head life. Each features an easy-to-use control panel that makes changing settings a snap, while convenient configuration software facilitates simple setup via a PC. These two workhorses provide Parallel and USB interfaces, plus a slot for optional interface cards, including high-speed Ethernet, for greater compatibility with practically any system. And, with both Epson and IBM® printer languages, they're perfect replacements for the Okidata® ML-390/490, the Epson LQ-570e/870 or the wide-format Epson LQ-2080.

Ideal for businesses that require high quality, multipart forms printing, the reliable Epson LQ-590 and LQ-2090 printers offer extremely low operational costs compared to other printing technologies, as well as superior performance in comparison to other impact printers in their class. Designed for use in demanding print environments, these heavy-duty dot matrix printers handle critical business applications with precision and ease. And they're backed by a three-year warranty that includes Epson's superior service and support.
