Compact and powerful, Epson's TM-U325 combines two printers in one: a speedy, quiet receipt printer and a multi-line validation printer.

Epson's TM-U325 is the ideal choice for financial institutions that want to get the benefits of both a receipt and validation printer in one economical, space-saving model for their teller stations.

Quick and quiet impact printer

Epson's TM-U325 is a cost-effective receipt/validation printer designed to meet the need for high reliability and a small footprint at teller stations. It prints crisp, clean receipts and negotiable items, such as cashier's checks and money orders, at 6.4 lines-per-second and offers numerous downloadable fonts to meet your needs. It also handles up to nine lines of validation printing quickly and easily.

Compact size for limited spaces

This powerful, space-saving printer measures only 6.46 x 9.45 x 5.35" (W x D x H) and weighs just 5.07 lbs and also features a compact AC adapter power source that takes up less space. This efficient design lets you make the most of limited counter space at the teller station.

Easy to use. Easy to maintain.

The TM-U325 features a drop-in paper loading system for easy paper replacement and a semiautomatic paper loading function that reduces the work for busy tellers and keeps lines moving. It also features an Auto Status Back (ASB) feature that monitors the printer's status in real-time for easy upkeep and on going maintenance.

Integration is easy

With Epson's exclusive Connect-It interface options, the TM-U325 is compatible with today's best-of-breed and component-based systems.

Epson quality and reliability

When you choose Epson's TM-U325, you can be sure you'll get the unsurpassed performance and reliability that Epson is known for. And it's backed by Epson's industry-leading service and support.
