APOLLO CFD CONSUMER ACTIVATED

EQUINOX PAYMENTS

Versatile, Powerful Payment Device

The consumer facing Apollo CFD was designed with a focus on enhancing the consumer experience at small- and medium-sized merchants. The Apollo family provides merchants with a cost-effective pathway to upgrade their existing payment terminal hardware to the latest security and upcoming technologies, including NFC/contactless.

With its intuitive user interface, an array of connectivity options and a brilliant full-color touchscreen display, the Apollo CFD represents the new benchmark for enabling current and future services. The Apollo CFD is a highly configurable payment device that can be paired with legacy devices, third-party ECRs and ultimately, wirelessly with mobile devices such as tablets. What's more, when paired with the merchant facing **Apollo MFD**, the Apollo CFD offers a two-piece solution that supports the upcoming migration of EMV to the U.S. markets.

The Apollo Advantage

The Apollo CFD payment terminal offers a number of innovative features to help future proof your investment:

- EMV/smartcard ready
- Integrated RFID reader supports contactless EMV, mobile wallets, and other alternative payments
- Full-color touchscreen
- Intuitive user interface featuring "intelligent illumination"
- Linux-based operating system—open yet secure
- Automatic application update

Advanced Security
- PCI PTS 3.x SRED certified
- Fully compatible with all standard point-to-point encryption schemas

Remote Key Injection
- Safe, secure and fully certified solution for loading symmetric keys remotely; no need to ship to a secure facility to rotate debit keys

• Up to 3 SAM slots

KEYPAD
• Long life, hard cap, 15-button keypad with "intelligent illumination" LED backlight
• ADA-style
• Optional privacy shield

COMMUNICATIONS
• **Ethernet:** 10/100 Base-T
• **Modem:** V.34/33.6Kbps
• **Ports:** USB 2.0 Host, USB OTG, 2 RS-232
• **Options:** Mono-Cable

SECURITY
• PCI PTS 3.x SRED certified
• **Triple DES:** ANSI X9.52, PIN-ANSI X9.8, MAC-ANSI X9.9 Part 1-ANSI X9.24
• **Equinox Remote Key Injection enabled**

COMPLIANCE
• UL/cUL
• FCC ID
• FCC Part 68

MEMORY
• 256MB NAND Flash
• 128MB DRAM
• 512K Battery backed SRAM
• Optional microSD

DIMENSIONS
• 7.76" (l) x 3.35" (w) x 2.48" (h) 197mm (l) x 85mm (w) x 63mm (h)
• Weight: 1 lbs./454 g

POWER
• **AC:** 110-240V/50-60HZ
• **DC:** 9V, 3A, 27W

TERMINAL ESTATE MANAGEMENT SERVICES
• Standard 1-year manufacturer warranty
• Additional extended service offerings
• The PremierGreen™ Recycle Program enables retailers to discard obsolete payment terminals securely, economically and in an environmentally safe manner

About us
- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.

- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers
- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services
- Legacy is one of the best repair facilities in North America

Discontinued product sourcing
- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services
- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
  - Data destruction
  - Hardware disposal
  - Auditing services

Dedicated client account team
- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services
- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
