

10.4" Touch Screen Monitor V10 Series

Features:

- Resistive touch screen (USB)
- Single USB cable provides power, video, and touch
- Easy installation
- Multiple mounting options
- Three year warranty
- Weighs less than 2 pounds
- Perfect for point of purchase applications, customer displays, digital signage, or as a secondary monitor

The V10 Series display utilizes DisplayLink™ technology that provides power, video and touch functionality all through a single USB cable. No VGA/DVI or power cables are necessary, making it easy to install almost anywhere.

The V10 Series display can be used either in a stand-alone configuration or as a secondary display attached to a primary POS device. It also features VESA mounting options making it easy to add a desktop stand or a variety of pole mount options.
