HP L5015tm Touch Monitor

Add a little touch to your business.

(M1F94AA)

Complete your desktop solution with the HP L5015tm Touch Monitor, a durable, interactive touchscreen display in a sleek, thin form factor that integrates easily into your point of sale (POS), hospitality, educational, banking, manufacturing, and kiosk environments.

Slim, compact design
Deploy the monitor wherever you need an interactive solution. The small, thin footprint fits in a range of settings, and the stand can be removed for wall-mount setups.[1]
Save space and money by eliminating the need for a separate keyboard and mouse.

Efficient, durable touch
Interact with the screen with a pen, credit card, finger or fingernail. The Acoustic Pulse Recognition (APR) technology identifies screen taps by sound. The sturdy design is a damage-resistant alternative to earlier film-coated display screens.

Ample visuals
Keep working with your familiar, established, business-specific applications on the 15-inch diagonal screen that has a 1024 x 768 native resolution[2] and familiar 4:3 aspect ratio.

Global reassurance
Rest assured that your IT investment is supported by a three-year standard limited warranty. To extend your protection beyond the standard limited warranties, select optional HP Care Pack Services.[3]

HP L5015tm Touch Monitor

HP Retail Monitors

Make a modern impression on your customers

Deliver an enhanced experience to both your customers and store associates with the eye-catching family of HP Retail Monitors that come in a variety of sizes and both touch and non-touch options. Store associates will enjoy the familiar, user-friendly technology and customers will benefit from the display of useful product and promotional content as well as the ability to easily enter loyalty information and other preferences.

Wide aspect for a wide range of apps
Thin sleek, virtually borderless, widescreen design and high resolution allow these displays to complement your environment. With your choice of screen size from 10.1 to 15.6 diagonal inches (25.6 to 39.6 cm), mounting options, and touch or non-touch, you gain the flexibility you need to meet both your customer's and associate's needs.

Durability for high-traffic areas
Place the sturdy, dust-resistant, easy-to-clean displays in a range of high-traffic areas; attached to one of HP's platforms as a customer-facing display or used as a stand-alone display.

Easy Interactivity
The Projective Capacitive ten-point touch technology provides a familiar, intuitive experience that responds to dry or wet fingers, and beep-on-touch audibly confirms successful touchscreen interaction.

**Backed by world-class support specialists.**
Rest assured that your IT investment is supported by a three-year standard limited warranty and optional HP Care Packs.[1]
