

BT Pay 200™

Bluetooth Payment Terminal w/MagStripe, Chip and PIN

Secure Payment Terminal for Mobile Phones

The ID TECH BT Pay 200 is a secure payment terminal with an integrated MagStripe reader, smart card reader, and PIN pad that connects to mobile devices and PCs via Bluetooth. The BT Pay 200 is a PCI 3.x certified and EMV Level 2 certified payment terminal that provides safe and secure transactions.

Easy to Integrate

The ID TECH BT Pay 200 is compatible with Apple, Android, and Blackberry mobile devices, and can also connect to PCs via USB. The SDK allows developers to easily create mobile apps to communicate with the terminal. With compatible apps, the BT Pay 200 provides merchants the flexibility to accept both MagStripe and Chip & PIN payments anywhere at any time.

Incredible Convenience

The ID TECH BT Pay 200 allows merchants to provide their customers with the convenience of a mobile method of payment. With the capability to read MagStripe cards and smart cards, merchants can take a variety of payment methods and save money by avoiding costly card-not-present fees. With the ID TECH BT Pay 200, merchants can accept card payments wherever they go.

Features and Benefits:

- MagStripe and Chip Card reading & PIN entry for mobile devices
- EMV Level 2 Certified
- PCI-PTS 3.x Certified with SRED function supported
- DES and TDES encryption algorithms for PIN encryption
- AES, DES, and TDES encryption algorithms for MagStripe data encryption
- DUKPT Key Management
- Supports encrypted manual card data entry
- 4 Lines X 20 characters backlit LCD

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
