

# UniMag Pro™

## Credit Card Reader for Mobile Devices

### Card Swiping on your Mobile Device

The ID TECH UniMag Pro is a magnetic stripe reader that communicates with mobile devices via the headphone jack. Use your mobile device to read a variety of magnetic stripes, including credit cards, signature debit cards, gift cards, loyalty cards, driver's licenses, and ID badges.

### Superior MagStripe Reading Performance

The UniMag Pro utilizes ID TECH's proven MagStripe reading technology, providing bi-directional card reading of up to three tracks of information. With a guaranteed operating life of at least 100,000 card swipes, the UniMag Pro offers exceptional card reading capabilities in a durable form factor.

### Incredible Convenience

The ID TECH UniMag Pro allows merchants to provide their customers with another acceptable method of payment, and with the capability to swipe credit cards, merchants can save money by avoiding costly card-not-present fees. With the ID TECH UniMag Pro, merchants can accept credit card payments wherever they go.

### Features and Benefits:

- Plugs into audio headphone jack - no cables
- Mechanical design allows easy and reliable card swipe
- Supports TDES and AES encryption using DUKPT Key Management
- Reads up to three tracks of card data
- Superior MagStripe reader performance
- Bi-directional card reading
- Low battery consumption
- No external power supply required
