

UniPay™

Mobile Audio Jack MSR and Smart Card Reader

Compact Magnetic Stripe and Smart Card Reader

ID TECH's UniPay is the latest addition to the audio jack family of mobile card readers. UniPay incorporates contact chip, smart card reading, with proven and reliable magnetic stripe decoding which results in a compact mobile reader. Its small form factor and audio jack interface is ideal for mobile applications where either magnetic stripe and/or smart card reading are required.

Mobile Form Factor and Audio Jack Interface

ID TECH's UniPay communicates to the host via the audio jack port and is supported on Apple and Android platforms with an SDK, to allow for simple and easy integration into mobile payment applications. Also featured, is a USB port which can be used for charging or communication with a PC. The UniPay's efficient design minimize power consumption to the host device battery life.

Payment Certifications

UniPay is EMV Level 1 approved and uses DUKPT Key management and TDES/AES encryption to ensure magnetic stripe and smart card transactions are encrypted and transmitted securely to the host device.

Features and Benefits:

- Audio headphone jack communication for the latest Apple iOS and Android platforms
- EMV Level 1 approval
- RoHS 2 and REACH compliance
- TQM Label
- Low power consumption when reader is in standby mode
- Compact and ergonomic design to integrate with a variety of mobile devices
- Encrypted MSR and chip card reader with DUKPT key management
- Micro-USB port for pass-through charging and PC communication
- 1 year manufacturer warranty

Specifications IDMR-AJ80233B

Electrical

Interfaces: Audio headphone jack

Environmental

Operating Temperature: 32°F to 131°F (0°C to 55°C)
Storage Temperature: -22°F to 158°F (-30°C to 70°C)
Humidity: Maximum 95% non-condensing

Reliability

Operating Life: MagStripe Reader: 300,000 card swipes minimum
Smart Card Reader: 100,000 card cycles minimum
Warranty: One year, parts and labor
Approvals: EMV Level 1, ROHS, FCC/CE

Mechanical

Dimension (L)x(W)x(H): 5.20 inches (132mm) x 2.83 inches (72mm) x 1.46 inches (37mm)
Media Thickness: 0.027 inches (0.6858mm) minimum
0.035 inches (0.8382mm) maximum
Card Seated Switch: ICC fully-seated sensor
Color: Black

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
