

# Duratron II Paper Label

Thermal Transfer Paper

- Duratron II labels provide high-quality, cost-effective printing for general use applications
- Compatible with TMX1500 and TMX2200 ribbons
- Offered with a variety of adhesive options
- Take From Stock labels available in an assortment of colors

## Duratron II Paper Label

Intermec's Duratron II paper label is a coated, thermal transfer paper label that exhibits excellent print quality when paired with the TMX1500 and TMX2200 ribbons. Duratron II paper labels are offered with a variety of adhesive options and are recommended when moderate abrasion, heat, or sunlight is present. Stock Duratron II products offer a robust general-purpose permanent adhesive that is excellent for use on corrugated containers, plastics, and many other common substrates. Special adhesives are available with custom orders. This label stock is ideally suited for applications such as:

- Shipping label
- Inventory tracking label
- Work-in-process
- Receiving label
- Bin labeling
- General purpose labeling

## Better Together

The Intermec media solution has added advantages when paired with Intermec printers:

- Co-engineered printers and media ensure consistent print quality and performance
- Thermal transfer printability allows on-demand generation of durable labels, eliminating high cost and inventory obsolescence associated with preprinting
- When Intermec media is used exclusively with Intermec printers, the Free Printhead Replacement Program offers significant cost savings

## Product Characteristics:

### Face Stock

**Description:** Coated Paper Label

**Physical Attributes:** 2.6 - 3.2 mils

### Adhesive

**Description:** Acrylic Permanent

**Caliper:** 0.4 - 0.6 mil

**Peel Adhesion (90° Stainless Steel):** 33.0 target

### Liner

**Description:** 42# white kraft

**Physical Attributes:** 2.3 - 2.8 mils

### Ribbon Compatibility

TMX1500

TMX2200

**Outdoor Use:** Not recommended for outdoor use

### Environment

**Storage Temperature:** 40°F to 80°F

**Storage Humidity:** 35% to 70%

**Shelf Life:** 12 months

**Minimum Application Temperature:** 25°F

**Service Temperature:** -65°F to 200°F
