# SureSwipe MSR... Two Heads Are Better Than One.

Introducing the Industry's first stand-alone Magnetic Stripe Reader (MSR) with TWO Magnetic Heads designed to reduce confusion at the Point of Sale.

Featuring a 3-track bi-directional dual sided magnetic reader, the SureSwipe MSR was designed specifically to read any magnetic stripe card regardless of which way the magnetic stripe is facing when swiped. With a 99.9% accuracy rate, the SureSwipe MSR ensures the card data will be read on the first swipe every time.
