

Transform the Way You Work

xTablet® T1600

Powerful Tablet for Enterprise Productivity

The xTablet T1600 is engineered for mobile workers looking for increases in productivity and efficiency. The xTablet T1600 features a large, 11.6" display with many other state-of-the-art features and functions. Inside is an Intel U Series i5 processor along with 4GB or 8GB of RAM running Windows 7, 8.1 or 10 Professional, which is plenty of horsepower to handle your enterprise software, security and standard Windows applications.

Innovative Integrated Features and Functions

Whether you're in utilities, transportation, logistics, food and beverage or public sector, xTablet T1600 has numerous features and functions to help improve operational productivity and efficiency. Capture high quality photos or video on either of the two cameras, track inventory with the optional 2D imager or HF RFID reader and attach wireless peripherals via Bluetooth 4.0.

Rugged Means Less Downtime and Lower TCO

If you've deployed consumer tablets in the past, chances are you've had to deal with damage, data loss and lost productivity. Not with the xTablet T1600. It's IP65 rating means it is protected from dust or rain and can also survive multiple 4-foot drops to concrete. Gather all the information you need to keep your operations flowing and your employees productive by equipping them with the tough xTablet T1600.

Innovation everywhere. Productivity anywhere.

Transform the Way You Work

Specifications

Physical and Environmental Characteristics

Dimensions	11.75" W x 7.55" H x .79" D (298.5 mm W x 191.8 mm H x 20.1 mm D)
Display	11.6" diagonal widescreen
Weight	2.7 lb. - base configuration (1.23kg)
Sealing	IP65
Drop / Shock	MIL-STD 810G with 4-foot drop
Operating Temp	14° F to +131° F (-10° C to +55° C)
Storage Temp	-27° F to +160° F (-33° C to +71° C)
Operating Humidity	95% non-condensing

Performance Characteristics

Processors	Intel® Core i5-5200U
System Memory	4GB or 8GB DDR3L 1333
Hard Drive	64GB or 512GB M2-SATA
Operating System	Windows 10 Professional or Windows 8.1 Professional (64-Bit) or Windows 7 Professional (32-Bit)
Display	1366 (W) x 768 (H); 400 nits 10-pt Projected Capacitive Touch (handles rain drops and thin gloves) Optional digitizer Sunlight readable option (700 nits)
Buttons	Windows Virtual Button, volume +/-, power, barcode scanner trigger, programmable function button
I/O Ports	One micro SD card slot, two USB 3.0, one RS-232, one DC-in
Battery System	45Wh, 11.1V, 4130 mAh replaceable battery Optional 90Wh XL pack for 8 hours of battery life
LED	(3) color LEDs for notification, power / charger indicator, wireless
Audio	Intel HD audio, built-in microphone
Camera	5MP Auto-Focus Camera with LED flash (Rear-facing)
Sensors	G sensor, gyroscope, and e-compass
Scanner	High performance 2D imager (optional)
RFID	HF RFID Reader (optional; mutually exclusive with scanner)

Wireless & GPS Network Characteristics

Wi-Fi	Intel Centrino Wireless AC7260 802.11 a/b/g/n/AC
Bluetooth	4.0
GPS	Built-In (Mutually exclusive with WWAN)
WWAN	One M2 Socket for WWAN 3042-S3-B (Mutually exclusive with (GPS)

Productivity Assured. xTablet® T8500

Rugged. Reliable. Affordable.

When it comes to productivity, MobileDemand is dedicated to providing the right tools to get the job done. The xTablet T8500 is designed specifically for the mobile workforce where portability, durability and reliability are required from their mobile computing solution.

Running a full version of Microsoft Windows allows for the use of standard desktop applications and other Windows-based enterprise software. The latest Intel Quad Core processor and 8-hour battery means the mobile workforce can work hours on end without having to worry about a slow system or device downtime, especially with IP67 sealing and a 4-foot drop rating.

Add on a high performance barcode scanner, GPS or NFC, and the standard rugged tablet is now an important asset to your operations, helping you get more done in less time.

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
