NEC E Series

32", 42", 46" & 55" commercial-grade LCD displays ideal for corporate and digital signage applications

Feature-rich affordability. The NEC E Series, featuring the 32" E321, 42" E421, 46" E461 and 55" E551, brings corporate and digital signage users the professional performance and looks of the latest large-screen displays in a flexible and affordable solution. These models give corporate users a value-driven option for lobbies, boardrooms and small conference rooms, while addressing the display needs of digital signage users in retail stores, waiting rooms and health clubs.

Experience high-definition brilliance. Whether you're

using E Series displays to run digital signage messaging or music videos for the treadmill crowd, their screen performance will leave no head unturned. A remarkable 1920 x 1080 resolution, 450 cd/m² brightness and up to 5000:1 contrast ratio add amazing detail to video, images and text, while the integrated HD tuner makes high-definition sports and network programs jump off the screen with out-of-thisworld clarity. The E461 and E551's 120 Hz refresh rate is twice as fast as most comparable displays, reducing blur typically seen in fast-moving images and producing more lifelike viewing. These displays' 10-bit color expands the amount of visible colors to approximately 1.07 billion for more vivid and crisp color representation.

- ### High-definition resolution (up to 1920 x 1080) provides stunning detail for video and broadcast applications
- mages and crisp, easy-to-read text
- **Low power consumption** contributes to a lower total cost of ownership
- ma Extensive connectivity with multiple HDMI input terminals, analog RGB, S-video and composite video
- a Built-in NTSC/ATSC (8-VSB, Clear-QAM) analog/digital tuner allows for high-definition broadcast capabilities
- $\ ^{\square}$ Built-in, low-profile stereo speakers enhance the experience with superior sound
- 🗷 120 Hz refresh rate reduces the blur seen in fast-moving images of typical 60 Hz displays (E461, E551)
- a 10-bit color delivers more vivid and crisp color representation through the expansion to a wider color gamut (E461, E551)
- **Speaker management** includes equalizer adjustment (for E321, E421)
- **Built-in swivel stand** expands your viewing options and detaches for wall mount applications
- made Multiple picture modes adjust the picture appearance for an optimal viewing experience
- a Advanced video settings ensure source material is displayed properly and accurately
- a Backlight adjust allows users to customize the backlight strength, enabling longer display life and lower power consumption
- a Parental control (V-Chip function) allows users to block programs based on rating category
- **Built-in closed captioning** enables hearing-impaired users to display text information in various supported languages based on the ATSC tuner program
- **Controllable closed captioning for analog and digital signals** allows the user to manipulate the size, font, color, opacity, background color and edge effect
- Input labeling allows users to assign labels to various inputs within the on-screen display (OSD®)
- a Variable transparency settings and multiple menu language choices (English, French, Spanish) provide flexibility in adjusting OSD settings
- a Variable time zone settings allows users to adjust the time on their display by time zone and includes a built-in daylight savings mode
- a Control settings allow users to lock outside buttons, block unrated TV, and set USA and Canadian parental locks
- **Channel band selection** provides enhanced "over the air" and cable signal tuning
- a Auto channel search saves users time in manually programming the display with available channels

Legacy Technology Services

We Rent & Sell All Types Of Barcode Equipment

Call now to talk to an expert

866-271-9891

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

• Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

· Legacy is one of the best repair facilities in North America

Discontinued product sourcing

 They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value.
 Legacy routinely purchases equipment from our clients around the globe.
 - · Data destruction
 - · Hardware disposal
 - Auditing services

Dedicated client account team

 Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

• Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
