

OPS-PCIA-WH/WS/H/S

Integrated and removable single board computers with Dual-Core Intel processor and NVidia ION2 chipset for superior graphic representation

Enjoy seamless integration with these internal Intel ATOM-based PCs with Nvidia ION2 chipsets that adhere to the Open Pluggable Specification (OPS) and increase the operational flexibility of a compatible NEC display for any digital signage application.

Highlights

- **No external connections required.** DVI video, stereo audio, RS232 control and power are all passed internally from display to OPS device, allowing for seamless, hidden integration and simplified installation
- **Commanding 1.8 GHz Dual-Core Intel Atom CPU coupled with a Nvidia ION2 GPU** provide flexibility for a multitude of digital signage graphics and content playback
- **Sturdy and protected** with an all-stainless steel chassis and integrated redundant cooling fans to protect the unit during installation, operation and service
- **Flexible internal configuration** with choices of solid state or disk drives coupled with or without the Windows 7 Embedded operating system
- **Full 1080p playback** ensures reliable crisp and clear content
- **DisplayPort output** allows for multi-display support through Nvidia graphics
- **Four USB ports** allow you to connect compatible devices
- **Full networking capabilities** through the integrated Ethernet connection
- **3-year warranty** matches that of the display

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
