customer display

XP8200

CUSTOMER POLE DISPLAY

The XP8200 Pole Display was designed to blend in beautifully with your POS Station. Beyond its great looks, the lack of dip switches make configuration through the provided software a breeze. Featuring OPOS support and several popular emulations, including Epson, CD-5220, and UTC, the XP8200 makes a great addition to any POS station. Larger than industry average characters and adjustable height stand round out the XP8200's features.

KEY FEATURES

- Ideal vertical display for smaller counter spaces
- 10 Standard display emulations and OPOS
- 2-line, 20-character per line display
- Adjustable height and pitch angles
- USB and RS232 Interfaces
- 3 year warranty

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
