CARE . TRUST . RESPONSIBILITY

The core goal of any automation plan is to improve efficiency that ultimately leads to increased profitability. Our hand held products enable you to accomplish this goal with the added benefit of mobility --- Whether in-store or on-the-go, you spend less time on traditional data search and entry, and now have access to doing business anywhere without compromising features or the functionality of a traditional stationary POS system.

Partner Tech's EM-300 mobile computer is a state of the art hand held terminal with features such as a 10.1" LCD and P-Cap touch. The modern and smart design makes it convenient and easy to use in fields, logistics, retail environment and restaurants.

## About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

## Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

## Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

## Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

## Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
  - Data destruction
  - Hardware disposal
  - Auditing services

## Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

## Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
