

StealthTouch

M2

All-in-one

M2 S-Line

Built-in Printer

efficient performers

The StealthTouch - M2 is a state-of-the-art 12" all-in-one powered by Intel's Atom processor. The low - power Atom processor allows the M2 to save electrical energy without sacrificing performance. The M2 further boosts energy efficiency by utilizing an LED LCD, which consumes less power than a traditional TFT LCD.

The S-Line model redefines the all-in-one design by integrating a 3" thermal receipt printer with the touchcomputer. The S-line can load the most commonly used paper size, 80mm (3 1/8") wide by 80mm (3 1/8") diameter. The most exciting feature of the S-line is the printer's tool-less "slider" design. It allows the printer to be easily replaced in the field in less than a couple minutes, without affecting the main terminal.

With its compact footprint, the M2 Series takes up little countertop. And with its variety of integrated peripherals, the M2 can free up your premium counter space that can be used to display impulse merchandise and advertisements that will generate additional revenues.

Specifications

Model	M2	M2 S-line
Display Size	12" LED LCD	12" LED LCD
Printer Built-in (field replaceable)	No	3" Thermal, 23 lines/sec Driver: Epson ESC, OPOS Interface: Serial or USB Paper: 80 mm (3 1/8")

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
