

TOM-M5 Touch Monitor

rugged, compact, priced right

TOM-M5 is more than a touchmonitor. Designed specifically for touch applications, TOM-M5 sits on a sturdy base and is sealed against spills. It allows additional devices to be integrated neatly, without extra cables or power supplies. Add-on devices are magnetic card reader, barcode slot reader, fingerprint reader, and rear customer display.

TOM-M5 offers different touch technologies to fit into your application and budget requirements. Choose Resistive, Intellitouch, or Infra Red. With its built-in 4 USB ports, you can now easily connect keyboard, barcode scanner, and printer to TOM-M5, instead of reaching under or behind the counter for the PC ports.

Ideal for point-of-sales, kiosks, industrial control, gaming, healthcare. With its multiple benefits and competitive prices, TOM-M5 gives you more value than other touchmonitors.

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
