

Specification

Model	JIVA XT-4015
Processor	Intel G540 CPU, 2.5GHz / 2M Cache; Intel G2120 CPU, 3.1GHz / 3M Cache; Intel Core i3-3220 CPU, 3.3GHz / 3M Cache; Intel Core i5-3550s CPU, 3.7GHz / 6M Cache; Intel Core i7-3770 CPU, 3.9GHz / 8M Cache
System Memory	DDR3 1066/1333MHz, SO-DIMM socket x 2, max 16GB
Storage Device	SATA storage x 2; Factory default 320GB HDD x 1
Power Supply	12V DC power adaptor, 120W
Audio	Line-out
OS Support	Windows 7 / POSReady 7 / Windows XP Pro / POSReady 2009
Connectivity	
LAN Port	10 / 100 / 1000Mb x 2
Serial Port	DB9 x 3 + RJ45 x 1 with 5V/12V support on COM1 / COM2 / COM3 / COM4, RJ-45 to DB9 cable optional
Parallel Port	Optional via conversion cable
UPS Port	Yes, battery optional
Standard USB Port	5
VGA Port	D-SUB, 15 pins, with 12V support for Posiflex monitor
Mini-PCIe slot	Yes
CR Port	1, control 2 CR
Physical Dimension	
Dimension (W x D x H in mm)	372 x 320 x 252.7
Weight (N.W. in Kg)	5.86Kg (Gen 7 Base)
Environment	
Operation Condition	0°C - 40°C, 20%RH - 90%RH (Equipped with HDD) ; 0°C - 50°C, 20%RH - 90%RH (Equipped with SSD)
Storage Condition	(-20°C) - 70°C, 10%RH - 90%RH
Options	
SSD	8GB minimum
SA-105	Side Attachment for JIVA XT Series with 3 track MSR
SA-205	Side Attachment for JIVA XT Series with iButton
SA-305	Side Attachment for JIVA XT Series with support for 3 track MSR, RFID and Finger Print Sensor
LM-3010	9.7" 1024 x 768 rear-mount 2nd display for JIVA XT Series (VGA interface)
LM-3014	14" 1366 x 768 rear-mount wide screen 2nd display for JIVA XT Series (VGA interface)
LM-3015	15" 1024 x 768 rear-mount 2nd display for JIVA XT Series (VGA interface)
LM-6607	7" 800 x 480 rear-mount 2nd display for JIVA XT Series (USB interface)
TM-3010	9.7" 1024 x 768 rear-mount resistive touch display for JIVA XT Series (VGA interface)
TM-3014	14" 1366 x 768 rear-mount resistive touch display for JIVA XT Series (VGA interface)
TM-3015	15" 1024 x 768 rear-mount resistive touch display for JIVA XT Series (VGA interface)
PD-2608UE	2 x 20 VFD, rear-mount
PD-350UE	2 x 20 LCD, rear-mount
PD-6607	7" color LCD customer line display, rear-mount
WIFI	External USB dongle or internal mini-PCIe module
Certifications	<div>FCCESGSULRoHSREACHWindows Embedded PartnerORACLE</div>

Design and Manufacturing In Taiwan by Posiflex Technology Inc.
Only 1.5V DDR3 memory is supported.

JIVA XT-4015

Flexible! Powerful! Elegant!

JIVA XT-4015

Flexible! Powerful! Elegant!

POSIFLEX
Your Success is Our Vision

In today's retail and hospitality market, POS terminal is no longer just a cold and hard business tool. It is a part of the store decoration, a part of the store image. Each curve and detail of the POS terminal should add something to the overall mood of the store, to lift the shopping experience of the customers.

With a bezel free touch screen, beautifully sculptured slim body, sexily curved base stand, Posiflex JIVA XT-4015 looks right at home at any elegantly decorated store. And more than just good looks, JIVA XT-4015 can be equipped with the lighting fast Intel Core i7 CPU that provides ample muscle power to handle any task imaginable.

Flexibility

JIVA XT series comes with the selection of two foldable bases, the curvy slim 7th Generation Base and the larger but practical 8th Generation Base.

The new foldable base allows JIVA XT Series to be configured into different configurations. "Flat Folded Mode" to save the shipping package volume. "Low Profile Mode" to allow greater interaction between cashier and the customers; and the traditional "Full Extended Mode". All this can be achieved with a simple pull of the hidden lever. This one terminal/multi-configurations concept provides unmatched flexibility to store owners and system integrators alike.

Full Extended Mode

Low Profile Mode

Flat Folded Mode

Looks

JIVA XT Series is the first to come from new Posiflex design language. Slimmer and sexier than ever, it is a sharp departure from the traditionally more conservative Posiflex terminal design. Every curves and details are carefully thought out to make JIVA XT Series one of the most visually desirable terminals in the market.

Performance

JIVA XT Series offers a wide range of performances, with the flagship JIVA XT-4015 that stands out above everything else. In its heart beats an Intel Core i7 3.9GHz CPU (optional) that is powerful enough to process anything throw at it without even breaking a sweat.

Dual LAN

JIVA XT-4015 provides dual LAN ports that allow a dedicated LAN connection for credit card terminal.

8th Generation Base

Optional 8th Generation Base that integrates internal power adaptor and Powered USB port into the base stand, which allows for clutter free counter.

With 2nd display LCD

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
