

star SP500

Value - Driven Impact Printer

The SP500 from Star Micronics combines renowned reliability and a multitude of high end features into a compact, value-driven solution. It is capable of fast output, printing 40 columns at 4 lines per second. The SP500 series have a bi-directional, logic seeking mechanism resulting in an exceptional throughput, outpacing its nearest competition.

Its compact footprint is further enhanced by its internal power supply - no "brick on a rope" for this printer. An example of which is shown in the highly effective cable management system allowing the interface and internal power supply cables to be neatly tucked away behind a protective cover.

The hinged cover of the SP500, with its integrated rain channel, protects the printer from liquid spills and other debris. Protection from the elements and the single color highlight feature of the SP500 series provides an excellent solution for food service and kitchen applications.

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
