

star[✶] TSP654SK

Liner-Free Printer

- Repositionable, Liner-Free Thermal Label Solution
- Improves Order Accuracy Up to 99%
- Environmentally Friendly
- Liner Free Yields 60% More Labels/Roll than Diecut
- 80mm and 58mm Label Support
- High Reliability and Performance at a Low Cost
- "Drop-In & Print" Paper Loading
- Optional Vertical Stand

The TSP654SK Liner-Free printer is designed to work with liner-free labeling applications. Repositionable thermal labels can stick to virtually any surface, and can be removed easily and reapplied leaving behind no residue. The liner-free labels are an alternative to using silicone-lined labels or tape.

Since it uses no silicone liner it eliminates the negative environmental impact and helps cut back on in-house waste, thus continuing Star Micronics Global Green Initiative, which encompasses manufacturing products that provide the minimalist impact possible on our environment.

Liner-free labels are a welcomed addition for quick service restaurants (QSR) applications, from drive-through service self-service deli applications. The liner-free labels can be used for an exception sandwich only or the entire order by attaching it to the bag. The labels can stay with and track an order through the entire preparation process, improving both drive-through, and take-out order accuracy, and a better bottom line.

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
