

CODESOFT

CODESOFT is advanced label design and integration software that offers unmatched flexibility, power, and support, making it the best choice for label printing in enterprise environments. With CODESOFT, you can easily integrate label printing into your business process, increasing both efficiency and control. Whether your goal is managing assets and resources, controlling distribution channels and stock levels, tracking documents, or managing data records, CODESOFT provides a solution for your organization's most advanced labeling projects.

Add CODESOFT to Your Environment and Benefit From:

- **Increased Efficiency** – Label creation takes a fraction of the time with CODESOFT's intelligent interface, helpful wizards, and fast database connections.
- **Increased Productivity** – The combination of CODESOFT's intuitive interface, streamlined data entry process, and simplified database connections allows users to quickly and easily design and print labels.
- **Language Support** – CODESOFT is available and supported in 25 different languages and has the ability to print virtually any language.
- **Unmatched Printer Support** – Continual printer driver development makes it easy for users to purchase and install new printers to be used with CODESOFT. TEKLYNX has created printer drivers for all major printer manufacturers and models.

Sample Compliance Label

Use CODESOFT For:

- **Enterprise Integration** – CODESOFT can be combined with TEKLYNX enterprise applications for automated label printing, label approval, and secure label storage.
- **Advanced Label Design** – Design a label, connect it to a database, or add complex barcodes such as HIBC or GS Databar using CODESOFT's easy-to-navigate interface.
- **Guaranteed Accuracy** – Get precise WYSIWYG (What You See Is What You Get) results from the screen to the printed label.

CODESOFT Features:

- Form Display
- Database Queries
- Wizards
- Form Designer
- Form Viewer
- Label Comparison Tool
