

# IDGem LCD 1x5

with optical sensor

Model TF-LBK464

*Electronic signature pad and integrated fingerprint sensor.*

IDGem™ systems combine Topaz's trusted electronic signature technology with a state-of-the-art electronic fingerprint sensor. This system is perfect for applications in which high-quality, high-resolution fingerprint imaging is required. Fingerprint verification also included in software toolkit. Powerful bundled software includes SigPlus® tools and plug-ins for signature capture and SigIDp™ software for fingerprint imaging, capture, recognition, and scoring. IDGem features a patent-pending design that allows ergonomic and natural finger and thumb scanning from the front of the pad without awkward movement. The LCD provides electronic ink under the pen tip as you are signing.
