The B-FV4 desktop printer series can seamlessly integrate into existing systems, whatever the specification or printing requirement.

Designed to be compact, stylish and unobtrusive, yet powerful and flexible for any environment and application - one size really does fit all!

# TOSHIBA

Leading Innovation >>>

# B-FV4

# > STYLISH, ROBUST & POWERFUL

## THE IDEAL OFFICE ASSISTANT FOR ALL YOUR PRINTING REQUIREMENTS

One compact package with versatile connectivity - seamless to integrate and so easy to use.

### > THE PERFECT FIT

We've designed the B-FV4 printer series to be the perfect silent office helper, small enough to fit into the tightest of spaces with the flexibility to integrate into any environment. Stylish and sleek yet rugged and powerful, with print speeds of up to 6 ips, it handles even demanding printing applications with ease.

*(13% faster for the first label print and 8% faster for batch printing compared with Toshiba B-EV series.)*

#### OFFICE ENVIRONMENT

general office printing - asset label printing

### > MULTI-LINGUAL

Whatever the current application, the B-FV4 series can 'talk your language', allowing straightforward integration into existing systems. With a whole host of connectivity options as standard, this impressively flexible printer really does have 'everything on board' to manage the most diverse printing requirements.

One size fits all - whether direct thermal printing or using thermal ribbons, simply choose the options to suit your application.

#### HEALTHCARE

wristband - specimen label - pill bottle label printing

### > DESIGNED FOR THE USER

For ease of use and maintenance, the B-FV4 series has been designed with the user in mind. Drop-in paper loading allows quick and easy changes to media, and critical parts can be upgraded with a snap-in printhead and platen assembly.

Combined with the all-important Toshiba reliability, the B-FV4 is a rugged and robust workhorse for any environment.

#### TRANSPORTATION & LOGISTICS

shipping label - warehouse label - pallet label - ticket printing

### > COST-EFFECTIVE MEDIA

For a low cost of ownership the B-FV4 thermal transfer printer is available with a 300m ribbon, improving workflow efficiency with less media changes required.

Ribbons are available in various grades and qualities and are compatible with the current Toshiba desktop series, allowing for a seamless upgrade and flexibility to use existing media stocks before converting to the lower cost 300m ribbon (for both 1/2" or 1" core).

#### INDUSTRIAL MANUFACTURING

parts label - picking label printing

### > FLEXIBILITY

A variety of both built-in and optional features provides true versatility to support a wide range of local and remote applications.

Additional features include:

- Managed print services
- USB memory support
- 203 or 300dpi variants
- Cutter options
- Peel-off module
- Emulations/Basic Command Interpreter (BCI)

#### RETAIL

shelf label - mark down label - product label printing

### > COURIER/POSTAL

With our in-depth understanding of the unique challenges of courier and postal services, we have developed two models specifically configured for these uses. Both housed in sleek black shells with built-in power supplies, our 'Label w/o Liner' model uses more compact label rolls without any backing paper waste. Combined with impressively low power consumption, our specialist models give you a truly green solution.

#### COURIER/POSTAL
