FC75
Hands-Free Area Imager Scanner

The tiny FC75 fixed mount imager can bring zero footprint, hands-free scanning to your business. The FC75 reads all types of barcodes on every medium efficiently and reliably.

Fast and Powerful Scanning
The FC75 reads all barcodes quickly and aggressively. The powerful fixed mount imager not only captures printed 1D and 2D barcodes, it also reads them off screens. Mobile barcodes–barcodes customers carry on their smartphones or tablets as coupons, loyalty cards, and boarding passes–are increasingly popular. The FC75 can help provide the solutions you'll need for this new market.

Scan Trigger
With both presentation and trigger-activated modes, your team will have the freedom to use the FC75 for both hands-free scanning and on-demand scanning.

Built to Last
Increase your ROI (return on investment) and reduce your TCO (total cost of ownership) by choosing a rugged solution. The FC75 is environmentally sealed against hazards such as dust and moisture and withstands multiple 4-foot falls to concrete. The durability of the FC75 will prevent costly repairs and replacements down the road.

Easy Mounting
With a stand and mounting accessories, the FC75 is easy to integrate. Compact and lightweight, you can be sure the FC75 will fit seamlessly into the smallest of spaces.

Applications
Mount this 2D barcode scanner in any customer-facing environment: under the counter, onto a register, or at an airport gate. The FC75 streamlines data collection everywhere.

Main Features:

- Reads printed and digital barcodes
- Compact design
- Scan trigger for on-demand scanning
- Environmentally sealed against water and dust

Electrical

Power On	DC +5 V, 800mA (typical)
Operating Power	DC +5 V, 270mA (typical)
Standby Power	DC +5 V, 80mA (typical)

Optical & Performance

Light Source	Visible red LED 625 nm
Resolution	752 (H) x 480 (V) pixels
Scan Speed	120 scans/sec in 1D mode
	60 scans/sec in 2D mode
Pitch	±60° (from front to back)
Skew	±60° (side to side)
Roll	360 °
Reading Indicator	Good read beep

About us
- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.

- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers
- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services
- Legacy is one of the best repair facilities in North America

Discontinued product sourcing
- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services
- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
  - Data destruction
  - Hardware disposal
  - Auditing services

Dedicated client account team
- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services
- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
