

## POS Keyboards

### K2724 POS Keyboard with MSR

The K2724 POS Keyboard features a **dual track** Magnetic Stripe Reader and built-in bar code scanner port, providing a space-saving, one-piece solution suitable for point of sale, banking and other commerce applications. It provides basic customization through 21 relegendable keys. Rugged construction and a spill resistant design guarantee an extended life cycle.

### KP2724 Programmable POS Keyboard with MSR

The KP2724 is the programmable version of the K2724. Its features allow full customization of the unit. It supports 24 macros of up to 32 characters each. Every key can be remapped to change the keyboard's layout. Additionally, 90 keys can be relabeled to your specific needs. This prevents mistakes, reduces the learning cycle and speeds up operations.

**POS Keyboards**
