

MX 925

ELEGANT MULTIMEDIA POWERHOUSE

The MX 925 showcases a stunning 7" WVGA color display, the largest and highest-resolution display in the industry.

A powerful processor, coupled with a graphic processor and generous memory allocation, allows the MX 925 to stream media and visual promotions, driving new revenue opportunities while encouraging customer interaction.

BRILLIANT DISPLAY, ELEGANT DESIGN

- High speed, 32-bit ARM 11 processor and generous memory bring customer messaging and video advertising campaigns to life
- Clean lines and modern, sleek design make a powerful statement – in the lane or on a countertop

FUNCTIONALITY, FLEXIBILITY, SECURITY

- MAXui for a compelling customer interface
- Large, 7" color screen area efficiently accommodates optional signature capture along with scrolling account activity, branding and promotional offers
- State-of-the-art stylus for a clean and sleek look
- Chemically-hardened screen, built for the long haul
- Linux-based OS and application development environment offer maximum flexibility
- NFC/Contactless support to quickly capture new markets as they evolve
- Remotely inject encryption keys anytime, anywhere with VeriShield Remote Key option

THE TOTAL SOLUTION PACKAGE

- Ideal platform for a variety of value-added services, such as administering loyalty schemes, gift card issuance and top-up services
- VeriFone HQ software simplifies device management and reduces overall support costs, all while easily integrating into your current environment – offering device management, diagnostics and content management capabilities
- Web Development Environment (WDE) provides a unique combination of web technology and a secure payment framework for powerful and flexible application development platforms
- Supports end-to-end security with VeriShield Total Protect, secured by RSA, which eliminates sensitive cardholder data from the payment device and merchant infrastructure through tokenization
- Compatible with legacy or existing MX 800 series product solutions

Processor

400 MHz 32 bit ARM 11

Memory

128 MB SDRAM + 256 Flash

Flash is field upgradable via USB or SD memory devices

Connectivity

Connect I/O

Ethernet 10/100BaseT, USB host/device, Serial

Interfaces RS-232, RS 485 IBM Tailgate

WiFi

Compatible with existing MX 800 series cabling solutions

Display

7" WVGA (800 x 480)

65,536 Color, GFX widescreen

Capacitive/chemically-hardened glass

Audio

Full stereo standard on unit

Line out port available to drive externally powered speakers

Smart Card Reader

Landed Reader, up to 3 SAMs, software controllable prompts

Magnetic Card Reader

Triple Track bi-directional

Software-controllable LED prompt

Security/Encryption

About us

- Legacy Technology Services is a leading nationwide provider of mobile computing, barcode, printers and point of sale equipment and services.
- For over a decade, thousands of clients across North America have trusted us to provide equipment from leading manufacturers backed by the services to support them.

Latest Hardware from top manufacturers

- Legacy handles virtually every major manufacturer of mobile computing, barcoding and point of sale equipment.

Expert Repair and Maintenance services

- Legacy is one of the best repair facilities in North America

Discontinued product sourcing

- They don't make it anymore? Our inventory also includes manufacturer close-outs and discontinued equipment to support our clients legacy infrastructure.

Trade-in and Disposal services

- That old equipment laying around your facility may still have some value. Legacy routinely purchases equipment from our clients around the globe.
 - Data destruction
 - Hardware disposal
 - Auditing services

Dedicated client account team

- Dedicated, highly trained account managers are here to answer all your questions and provide top notch service.

Equipment rental services

- Sometimes renting is a better solution, Legacy's huge rental inventory provides the equipment you need for temporary needs and projects.
