VERIFONE e355
ONE SOLUTION.
# COUNTLESS
POSSIBILITIES.

The Verifone e355 is a compact, flexible mobile payment product designed to operate across multiple generations of smart devices for use in a variety of environments. The solution can function in standalone mode completely independent of smart devices or paired with optional frames delivering complete versatility.

UNIVERSAL ACCLAIM

• Modular design enables countless configurations with devices, frames, stands and cradles

• Interchangeable using docking connector to snap into frames for smart devices, now and in the future

• Truly universal, compatible with iOS, Android and Windows

• Includes on-board Wi-Fi for device management and Bluetooth for added flexibility

• Large field-replaceable battery extends life of payment module beyond attached smart device

• Vibrant color display with durable Corning® Gorilla® Glass for maximum durability

Pairs with Many Smart Devices and Operating Systems
